

DEVELOPMENTAL
& BEHAVIORAL PEDIATRICS

NEWSLETTER

The Autism Program

A monthly newsletter for families of Developmental & Behavioral Pediatrics (DBP) at Boston Medical Center

Goodbye 2023, Hello 2024!

Happy New Year from BMC DBP!

We wish everyone a happy new year full of many opportunities, adventures, and excitement. To officially kick off 2024, we wanted to refresh your memory with some helpful support systems and events available for your family. **As always, please make sure to click on each resource title if you are looking for more information!**

Now Recruiting Study Participants!

BMC is currently looking for autistic youth and their parents to participate in a research study on **supporting the transition-to-adulthood**.

You are eligible if you are a parent of a child with autism who is:

- ☐ Between age 14 and 21
- ☐ Currently enrolled in school
- ☐ Living at home with you

Participating families will receive a referral to **work with a BMC transition specialist** OR participate in a multi-family group education & support program called **Transitioning Together**, while your child partakes in a social group. Compensation ranges from up to \$100 to \$300. Please contact Mei Elansary, MD at mei.elansary@bmc.org for more info!

Upcoming Events

1/11

Free Spanish webinar on IEP meeting preparation by FCSN (part 2 of 3)

*Click on each event title for more information!

Go into the New Year with Support

Entering the new year can often be a stressful endeavor for many, but we are here to remind you that you are not alone! Here are some steps to find support in your community and beyond.

Connect with your local Autism Support Center:

Autism Support Centers act as a hub of information and guidance to community services that are available to your family. From support groups, recreational events, to educational workshops, they can be your first stop to look for resources in your area. Find the closest center near you by clicking [here](#)!

Connect with DDS:

DDS is a Massachusetts state agency that provides a wide range of supportive services including financial assistance for your child with autism. For more information on their services and application process, click [here](#)!

If you're already connected:

It's important to make sure that your family's needs are communicated as clearly as possible. If you have any concerns regarding your DDS services, a DDS service provider or coordinator, experiencing a delay or disruption in services, or have any concerns, contact the **DDS Office of the Ombudsperson** for support. They exist to offer a space for families to express their issues and address all concerns!

- DDSOmbuds@mass.gov
- **(617) 821-1677**

Connect with Advocates

There are many types of advocates out there to help you navigate many types of complex situations. Here are some great advocacy organizations in Massachusetts - **please make sure to click on each organization's title to find more info!**

Mass Advocates for Children (MAC)

Special Education/ Pro Bono legal assistance
(617) 357-8431 **ext. 3224** (English) or **3237** (Español)

Federation for Children with Special Needs

Special Education, 1-1 support in various areas
(transition to adulthood, health care, early intervention)

Special Ed: (617) 236-7210 or info@fcsn.org
For all other services, please visit website.

Greater Boston Legal Services (GBLS)

Legal consultation and representation
(617) 371-1234 (can provide support in all languages)

Health Law Advocates

Pro Bono legal representation in health care, coverage, and medical debt for low-income families

General health care: (617) 338-5241
Specialized health care: (617) 275-2919

Don't hesitate to reach out to your child's PCP or DBP clinicians with concerns...

We are here to help!

The Autism Program is committed to assisting and empowering all families to meet their goals through.

If you are in need of further support or advocacy, [check out our website](#) for additional resources and/or feel free to contact us at autismprogram@bmc.org!
